

**Premium Detergent for Perc. & Fluorocarbon**

## “ChemCharge”

Premium anionic heavy duty dry-cleaning detergent for perchloroethylene charge systems. ChemCharge® controls maximum amounts of moisture and prevents re-deposition of soil. Also contains fabric conditioners and brighteners. Provides maximum protection against wrinkling and shrinkage.

- Premium dry-cleaning detergent
- Formulated for use with perchloroethylene at 1% charge
- Brighteners and fabric conditioner added
- Prevents redeposition and static
- Minimum prespotting needed
- Maximum soil removal without additional moisture
- Can inject at 1 oz. / 10 lbs. of garments
- Contact us for pricing and available sizes
