

Oil Based Stain Remover for Wetcleaning & Laundry

“ChemBrite Aqua P.O.G.”

Is an **E³** spotter formulated to lift tough ground in soil and oil based stains from washable garments. Apply directly to stain and wet-clean or wash in usual manner. Aqua P.O.G.[®] is safe on nearly all fabrics and dyes. It is compatible with all wet-side detergent systems and can be added with the laundry detergent to enhance removal of greasy stains.

- *Safe **E³** (environment friendly, efficient, economic) way to remove oil based stains for wetcleaning and laundry*
- *Effective on shirt collar and cuffs and ground in soil stains*
- *pH controlled to enhance dye stabilization*
- *Compatible with all wetcleaning and laundry detergents*
- *Fresh, clean scent*

DIRECTIONS

Apply Aqua P.O.G.[®] directly to stain. Work in thoroughly. Wash in usual manner. Add at 2-3 ounces per 10 lbs. of garments to boost wetcleaning and laundry detergent in removing fresh stains and greasy soils.
