

Wet Cleaning Detergent

“ChemSoft”

A neutral pH wet-side detergent for fine washables and delicates. Product will leave garments with the feel of being dry-cleaned. Ideal on sweaters, golf shirts, and fragile fabrics such as washable silks.

- *Gentle detergent gives a dry-cleaned feel to fine washables*
- *Controlled moisture for wet-cleaning of delicate fabrics*
- *Improves brightness retention on natural fabrics*
- *Keep your garment looking new with ChemSoft®*
- *Contact us for pricing and available sizes*

DIRECTIONS

Add 3 ounces of ChemSoft® per 10 pounds of garments for dry-cleaned look and feel to fine washables. Refer to care label for temperature, sorting and cycle setting.
